

# ***Book a Free School Program!***

## **Earth Rangers Show (Grades 1-8)**

Our engaging and interactive **assembly presentations** capture the imagination of both students and teachers. The Earth Rangers Team will come to your school, introduce students to our **Animal Ambassadors** and encourage them to take simple steps to protect the environment.

## **Rangers in Action**

Inspired students actively participate in **hands-on projects** at school, at home and in their community. Our Action Team supports projects in four categories—water, energy, waste, habitat—and provides teachers and students with **workshops, coaching** and **resource materials**. All projects submitted will receive recognition and be showcased in a **celebration** at the end of the school year.
